FROM THE DESK OF ED PRIEHS, DPW SUPERINTENDENT

The Department of Public Works (DPW) would like to remind residents of our current brush pick-up policy. We ask residents to please follow brush pick-up regulations as they keep our equipment running smoothly, make our employees' jobs more efficient and safe, while continuing to make Imlay City a clean and great place to live.

- Brush chipping will take place on the first and third Monday of each month starting in April through the end of November.
- Brush can be placed at the curb at a maximum of two (2) days prior to the scheduled chipping date, and by 7:00 AM of the scheduled chipping day.
- The DPW will not chip full trees that have been taken down.
- Stack brush as close to the curb as possible, with the cut ends parallel with the curb.
- Stack piles neatly so that branches do not become entangled.
- Brush should be a minimum of three (3) feet in length, maximum of ten (10) feet in length and limbs should be no more than four (4) inches thick in diameter.
- Do not block the sidewalk or the street.
- Do not stack brush with yard waste. Yard waste cannot be chipped. Please discard yard waste properly by bagging it in approved bags or containers marked "yard waste" for the garbage hauler to pick-up.
- Brush stacked for collection must be free of all nails, wires, debris, roots, vines, litter and non-brush material.
- The DPW will not access private property to gather brush.
- Brush piles that are not neat and orderly will not be picked up.
- Brush piles that are placed out too soon or too late will be required to be removed from the curbside until the next scheduled pickup date.
- Once the chipper has been down a street, it will not return until the next regularly scheduled pick-up date.

YARD WASTE & BRUSH PICK UP

The garbage haulers will be picking up yard waste and small brush on Tuesdays starting at the beginning of April through the end of November. Please place yard waste in marked yard waste containers or biodegradable bags and bundle branches 1" or less in diameter. Bundles and yard waste containers cannot exceed 40 lbs.

Yard waste should not be raked to the curb. Please contact City Hall at (810) 724-2135 for additional information.

- Sign in or if you don't have an account, create an account
- Once you are logged in, the left hand column has each payment listed
- Click on the one you need and follow the screen instructions

From the Officers and Staff of the Imlay City Fire Department

Spring is here and it is the season for home and yard clean-up or just some outside time with family and friends. If you are planning on doing any burning, we highly encourage you to know the rules and policies in the city. You will find the City Ordinance and the policies online when you access the information required to get a **BURN PERMIT**. All burn permits must be filed electronically and can be accessed on the imlaycity.org website. Simply go to the residents' tab section and open the burn permit section in the drop-down menu. You will get a choice of **Imlay City** or **Imlay Township** for your burn permit form. Please use the appropriate location. Your address is tied to the correct jurisdiction and will not allow for a burn permit to be pulled in another jurisdiction. Please read all the information and know the rules before you request a burn permit. Once you filled out a permit and submit it, you will receive an email with the number and approval. Please print a copy and keep it for your records. Permits are issued for three (3) days and will need to be renewed once the duration has expired. Please be safe and use good judgment when doing any open burning! Please be aware of any "Burn Bans" that may be in place. Your open permit will be voided if a burn ban is implemented.

Imlay City Fire Department is always looking for **NEW RECRUITS** to serve our community, please contact us at 810-724-6262 or City Hall for more information. We look forward to discussing opportunities with interested individuals.
